

## **Costa Blanca property agents Premier Property open office in Jalon**

*Premier moves further north into previously uncharted Costa Blanca territory! Opening a new real estate office in the Jalon area to cater for increasing demand of Costa Blanca properties.*

Costa Blanca, Spain (PRWEB) June 23, 2004 -- Jalon is now also the home to the newest addition to the Premier Group – Premier Costa Blanca Jalon (visit [www.premiercostablanca.com](http://www.premiercostablanca.com) for more information and to view our Costa Blanca property portfolio). Anne Hulme and her team offer an ever-increasing resale and new build portfolio of properties from Gandia in the North Costa Blanca to Benidorm in the South Costa Blanca, from the coast to the valleys, from around 150,000 pounds.

Being equidistant between Alicante and Valencia airports, with improved train services from Denia and Gandia, and only a stone's throw from the main A7 motorway, linking northern Spain with Europe as well as southern Spain, the Marina Alta region has become an increasingly popular area in which to live.

This is a privileged land both for its climate and for its natural surroundings, combining a coastline of fine golden beaches and inland areas of green fertile valleys dedicated to agriculture and gentle slopes dotted with charming and picturesque Mediterranean villages. Visit the coastal resorts of Denia, Calpe, Javea, Moraira, Altea and Gandia to savour the atmosphere as well as popular seafood dishes and paellas.

All of this helps make the Costa Blanca ideal for those seeking a better quality of life or a Spanish property investment opportunity.
